## Juliet's War

Lady Juliet sat in the Hyrule Castle Court Yard. She had come from a far away land over the mountain and missed her home deeply. Malon came out side and saw her there. Malon: Hello, are you okay Julie, Zelda wants me to come and get you. Juliet: I'll be right there. When they got there Zelda explained that she wanted them to go with Link on an exploration of the other Lands. Juliet was so happy. She smiled and Link walked in right after that. Link: We are leaving tomorrow. I expect we should get at least seven miles tomorrow. Without interference that is. The next morning the three horses Epona, Zeon, Star Shooter sat off with Malon Link and Juliet riding them. The sun was not up and the edge of the sky shown a bright red. Link tried to be a trickster with some fancy pick up lines. Link: See that sunset ladies... Both girls: Yeah. Link: It's the same beautiful color as my two favorite girls hair. Malon: Oh Link Juliet: Stoppit. As they talked and laughed and talked, a dark figure slunk across the top of the rolling country side. The familiar figure notched an arrow to his bow string and released it. The arrow flew true but its target was moving. Juliet fell from the horse with a shriek of pain. An arrow had struck her arm. The arrow looked like one of Link's Light Arrows but it was black and not Yellow. As Malon comforted Juliet Link handed them a red potion. He looked across the horizon and said two hideous words. Link: Dark Link. Within minutes Juliet was recovered, but Link had to hold her down for Malon to apply Band-Aids. After that they got close to the mountains after a suprisingly easy climb up the canyon wall all of the lands could be seen. As Juliet looked at the other two lands in the distance a great fire burned. Link looked at Julie her eyes were filled with tears. As Link looked he saw a crowd of people coming towards them. He sent Navi to check it out. The little fairy flew as fast as she could. At the front of that Army was Ganondorf he had the Sages in a cage. Saria saw Navi. Saria: Navi go tell Link Ganon has control of the other two lands he is headed that way with an army you must warn Hyrule he will be there in

a weeks time. Hurry. Navi relayed the information to the others there was not much time. Navi also reported that Dark Link was traveling ahead of the Army Dark Magic. Things were not going good at all. Link got home and had to form an army. Juliet wanted to be part of the action she wanted a piece of Ganon for herself.
